Discussion on Development of Draft For the Advisory Committee
Advisory Committee members reviewed the Implementation Plan Preview and discussed that the committee would like to achieve the directive of the Board by interfacing, evaluating and making recommendations to staff and the Board. The point was made that the charge would be organic and might change over time. The Advisory Committee would review the TEA technical study as needed. The Committee requested the opportunity to engage with vendors on select items. The idea of the Business Planning at a strategic level planning was brought up. A member noted that although the plan was not currently in the immediate scope, it could be at a later time. A draft charge based on the discussion, would be put together by R. Espinoza and circulated for the next meeting.

Mitch Sears gave an update on the CEO search per a question raised by a member. There were a number of qualified candidates, however the Board has not come to terms on a candidate selected.

There was also a suggestion that a Vision Statement should be created. An example of the 2015 City of Davis was discussed. A subcommittee for drafting the Vision Statement is made up of 3 members: L. Kristov, M. Aulman, and M. Baird.
