## VCE is providing \$1.6M in rate discounts to customers in 2024!

Our customers are now automatically receiving a 1% discount as a credit on their bill for electricity generation from VCE. Low-income CARE and FERA customers will receive a 3.5% discount. We stand by our commitment to keep electricity affordable while offering more renewables in our standard service.

## Your Money is Hard at Work

### A LOOK AT WHERE YOUR MONEY GOES THE POWER IN YOUR MONEY

By choosing to power your home or business with electricity from VCE, did you know that you are also giving back to your community? We are committed to keeping our rates low and reinvesting the money you spend back into our community. We are making strategic investments to ensure we meet our goal of 100% renewable by 2030. There is POWER in your money.
