California Reaches a Major Energy Goal

VCE was honored to be part of an Earth Week event headed by Governor Gavin Newsom to celebrate California's achievement of a major energy goal: 10,000 megawatts of battery storage. This is a 1,250% increase since 2019! Read the full story below!

VCE Thanks Marsha Baird for Six Years of Service

During last month's Board Meeting, VCE recognized Marsha Baird for dedicating six years of service on our Community Advisory Committee (CAC). Marsha has been an integral part of our CAC and her commitment and dedication are held in high esteem! Thank you, Marsha, for your contributions over the years.

Interested in Joining our Community Advisory Committee?

VCE has one vacant seat on our Community Advisory Committee. We are accepting applications to be considered for appointment to fill the unincorporated Yolo County seat.

The CAC meets monthly, with the goal of providing thoughtful input to the Board and representing their communities and each of the member agencies with their various perspectives. We'd like to have you join us to contribute your ideas.

What We've Been Up To

CalCCA Annual Conference

VCE staff alongside members of our Board and CAC connected with industry leaders as we took in insights from panelists and speakers. Not only did we learn so much, we returned home even more energized to pursue innovation.

California Honey Festival

We're still buzzing from the excitement of this year's California Honey Festival! We enjoyed all the local food and the great musical performances, and most of all we had the pleasure of chatting with so many of you.

Celebrate Davis

The VCE team had a great time at the annual Celebrate Davis event where we had the opportunity to meet so many wonderful people from the community. We also ate, sang, and danced as we celebrated this amazing community.

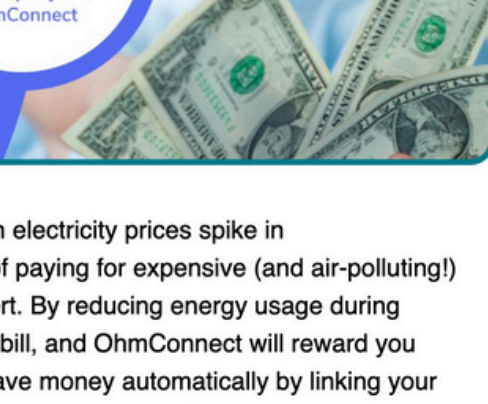

Automatically Lower Your Electric Bill

 OhmConnect

Get paid to save energy

It's a win-win

LIMITED TIME OFFER
Get \$50*
when you join OhmConnect

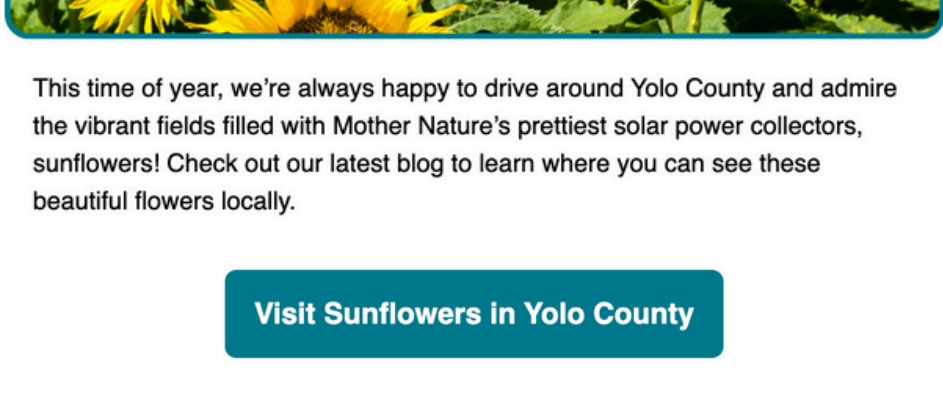

Meet our partner, OhmConnect. When electricity prices spike in our community and you're in danger of paying for expensive (and air-polluting!) energy, you'll get an SMS or email alert. By reducing energy usage during key hours, you'll save money on your bill, and OhmConnect will reward you with cash and prizes! You can even save money automatically by linking your smart thermostat or smart plugs. Sign up now and get \$50 to connect your utility account, it takes just 2 minutes to join.

It's Sunflower Season!

This time of year, we're always happy to drive around Yolo County and admire the vibrant fields filled with Mother Nature's prettiest solar power collectors, sunflowers! Check out our latest blog to learn where you can see these beautiful flowers locally.
