Beat the Heat this Summer with VCE's Electric Advisors

Is your home's cooling system not cutting the summer heat? If you're in the market for a new air conditioner or other home appliances, VCE's Electric Advisors can help you find energy-efficient solutions that meet your needs and budget! They can also connect you with qualified local contractors and identify incentives and rebates to help cover the costs. This service is free for VCE customers!

Give our Electric Advisors a call at 855-699-8232. Hablamos Espanol!

Meet Diccon Westworth, Valley Clean Energy Community Advisory Committee member

**Meet
Diccon Westworth**

CAC Member

When he's not caring for animals as a veterinary neurologist, Diccon Westworth represents Woodland on VCE's Community Advisory Committee. A member since July 2023, Diccon lives his values—he leads his clinic's Green Team, drives an EV, eats plant-based, and has upgraded his home with solar, heat pumps, and an induction stove. He's also opted up to VCE's 100% renewable UltraGreen service.

Visit Capay Valley's Lavender Trail

Yolo County's Capay Valley boasts a beautiful (and aromatic!) scene of lavender blooms from May through July. Local farms along Route 16 fill their fields with purple, creating the valley's lavender trail. Take a drive to sightsee and tour of one of the local farms.

Lower Your Bill with Hourly Flex Pricing

VCE's Hourly Flex Program is a three-year pilot designed to help residential, business, and agricultural customers save on their electricity bills.

When you join, you'll get a heads-up on the next day's hourly electricity rates. That means you can plan ahead—charging your EV or running appliances during lower-cost hours to maximize savings.

What We're Up To

Woodland Farmers Market

We can't wait to meet you in Woodland! Join us at the Woodland Farmers Market on Saturday, July 26th from 9:00 a.m. – 12:00 p.m. We're fielding your questions, harvesting good ideas, and helping you grow your energy savings — all while keeping things locally powered. Stop by our booth to learn how you can cultivate cleaner electricity for your home and reap the benefits all year long.

Don't miss this a-maize-ing opportunity to connect with your community and plant the seeds for a more sustainable future!

More Summer Markets

Keep an eye out for us at the Davis and Winters Farmers Market this summer!
