Your VCE rate may vary slightly from the posted rates depending on when you started receiving VCE service. However, your total electric bill will not exceed what it would have cost as a PG&E customer.

*Power Charge Indifference Adjustment (PCIA) is a fee PG&E is allowed to charge all CCA customers to cover above-market costs for its legacy electricity contracts.

PCIA vintage is based on the majority of VCE customers (2018). Your PCIA may be slightly different but your overall VCE rate will remain as listed on this sheet.

**A Franchise Fee is a percentage of gross receipts that PG&E pays cities and counties for the right to use public streets to run gas and electric services.

Your VCE rate may vary slightly from the posted rates depending on when you started receiving VCE service. However, your total electric bill will not exceed what it would have cost as a PG&E customer.

*Power Charge Indifference Adjustment (PCIA) is a fee PG&E is allowed to charge all CCA customers to cover above-market costs for its legacy electricity contracts.

PCIA vintage is based on the majority of VCE customers (2018). Your PCIA may be slightly different but your overall VCE rate will remain as listed on this sheet.

**A Franchise Fee is a percentage of gross receipts that PG&E pays cities and counties for the right to use public streets to run gas and electric services.
