

UNDERSTANDING YOUR BILL

While Valley Clean Energy (VCE) is in charge of procuring the electricity you use PG&E will continue to provide billing services.

- » PG&E will no longer charge you for electric generation. VCE now procures electricity on your behalf.
- » PG&E will continue to charge for electric delivery—the transmission and distribution of your electricity – as well as required regulatory and program charges at the same rate for all customers, regardless of the service provider. To learn more about your PG&E energy statement visit pge.com.
- » PG&E fees specific to Community Choice Energy Programs are factored into VCE’s rate setting process.

Because PG&E and VCE are working together to provide your electric service, your bill will include charges from both PG&E and VCE, but there will never be any duplicate charges.

The sample bill shown is based on an E-1 rate schedule for a typical residential customer.

- 1 Account Number**
You will need this number when upgrading to VCE UltraGreen or opting out of VCE service.
- 2 PG&E Delivery Charges**
This is PG&E’s charge to deliver electricity over their existing transmission lines, maintain infrastructure and other fees to support customer service and billing.
- 3 VCE Generation Charge**
This charge covers Valley Clean Energy’s cost of purchasing clean electricity for customers.
- 4 Total Amount Due**
This is the total amount you pay to PG&E, conveniently on one bill for services provided by both PG&E and VCE.
- 5 Your Electric Charges Breakdown**
This is the summary of charges from electric generation, distribution and other fees, taxes and programs that fund regional or statewide programs such as assistance and efficiency rebate programs.

Rules and rates

You may be eligible for a lower rate. To learn more about optional rates or view a complete list of rules and rates, visit www.pge.com or call 1-800-743-5000.

If you believe there is an error on your bill, please call 1-800-743-5000 to speak with a representative. If you are not satisfied with our response, contact the California Public Utilities Commission (CPUC), Consumer Affairs Branch, 505 Van Ness Avenue, San Francisco, CA 94102, 1-800-649-7570 or 415-703-2032 (TDD/TTY).

To avoid having service turned off while you wait for a CPUC decision, enclose a deposit check (payable to the CPUC) for the disputed amount and a description of the dispute. The CPUC will only accept deposits for matters that relate directly to billing accuracy. If it is not possible for you to pay your deposit, you must advise the CPUC. PG&E can not turn off your service for nonpayment while it is under review by the CPUC, however, you must continue to pay your current charges to keep your service turned on.

If you are not able to pay your bill, call PG&E to discuss how we can help. You may qualify for reduced rates under PG&E's CARE program or other special programs and agencies may be available to assist you. You may qualify for PG&E's Energy Savings Assistance Program which is an energy efficiency program for income-qualified residential customers.

Important Definitions

Rotating outage blocks are subject to change without advance notice due to operational conditions.

Electric Tier	% of Baseline
1	0% - 100%
2	> 100%

*Does not apply to EV & ET0UAB

Tier 1 (Baseline) allowance: Some residential customers are given Tier 1 / Baseline allowance – a CPUC approved percentage of average customer usage during summer and winter months. Your Tier 1/Baseline allowance provides for basic needs at an affordable price and encourages conservation. Your allowance is assigned based on the climate where you live, the season and your heat source. As you use more energy, you pay more for usage.

High Usage: A state-mandated charge for energy consumption that exceeds four times the total Baseline Allowance (Tier 1). This charge does not apply to customers on a Time-of-Use rate.

DWR bond charge: Recovers the cost of bonds issued by the Department of Water Resources (DWR) to purchase power to serve electric customers during the California energy crisis. DWR bond charges are collected on behalf of DWR and do not belong to PG&E.

Power Charge Indifference Adjustment (PCIA): Ensures that non-exempt customers under PG&E's GT and ECR rate schedules or who purchase electricity (generation) from non-PG&E suppliers pay their share of generation costs.

Gas Public Purpose Program (PPP) Surcharges. Used to fund state-mandated gas assistance programs for low-income customers, energy efficiency programs, and public-interest research and development.

Visit www.pge.com/billexplication for more definitions. To view most recent bill inserts including legal or mandated notices, visit www.pge.com/billinserts.

- 11**

6 Service Agreement ID

A service agreement documents your particular arrangement with PG&E (including billing days, metering information, and other factors) in order to calculate applicable charges. For customers with multiple meters under a single PG&E account, each meter will have a unique Service Agreement ID number.

7 Tier Usage

This marker shows the highest tier that you are being charged. If your electric use is more than your Tier 1 Allowance, which is set by state law, and crosses into Tier 2 or higher, the price you pay per kWh will increase.

8 Generation Credit

This is the generation fee now provided by VCE's generation service, so PG&E credits this charge back to your account to avoid any duplication of generation fees. The credit is what PG&E would have charged you for electricity.

9 Power Charge Indifference Adjustment

PG&E charges Valley Clean Energy customers a Power Charge Indifference Adjustment (PCIA), which is calculated based on the number of kilowatt-hours used each month. The PCIA is intended to ensure that VCE customers pay the difference between what PG&E paid for power contracted to serve them prior to their switch, and the current market value of that power. The PCIA charge is factored into VCE's rate setting process.

10 Franchise Fee Surcharge

The Franchise Fee is collected from PG&E to cover costs associated with rights to use public streets to provide gas and electric service. The franchise fee is factored into VCE's rate setting process.

11 Utility Users Tax

The Utility Users Tax varies from city to city, and may not apply to every community in our jurisdiction. If your business or residence is already subject to this tax, you will continue to pay it as a VCE customer.
